

Farmers who grow produce or plants that are 'Value-Added' by decorative containers or by further processing (salsas, jams, preserves, cheeses, meats, etc.) are subject to sales tax collection.

All crafted items, baked goods, and beverages are subject to sales tax collection. A cautionary note: if you sell items that are taxable and non-taxable, by displaying them on the same table all items become taxable. The Market special events' tax identification number, form, and instructions will be issued. Vendor name and event identification number will be reported to the state. The sales tax collected will be due to the Utah State Tax Commission 10 days after the final market in October. The required sales tax collection and remittances are the sole responsibility of each vendor.

The Market Organization

The Zion Canyon Farmers' Market is comprised of a Market Committee of volunteers made up of community members, backyard growers and farmers.

The Committee meets regularly to discuss market issues and delegate market chores.

The Market Manager is the first and final authority on Market day. His/her job is to implement the guidelines and policies of the Market, and is the initial contact for all public concerns and vendor complaints. The Market Manager has complete authority to interpret and implement policy on the Market site. All other complaints or concerns will be forwarded in writing to the Market Committee for action.

If you would like to be a voice in the Committee, please contact the Market Manager.

In issuing rules, it is not our intent to burden participants. It is to ensure the smooth operation of the Market.

We welcome suggestions for ways to improve the Market!

Market Operation Guidelines

1. Vendors must be in place and set up 10 minutes before the market starts.
2. Selling time is noted under "Market Day Time and Place". Late arrivals and early departures that disrupt the market are discouraged.
3. Vendors are responsible for keeping and leaving their space clean. Provide a receptacle for trash generated at your stand which is your responsibility to remove from the site at the end of each Market day. There is no dumpster available on site.
4. Vendors will supply their own display tables and displays.
5. Overhead shade is strongly encouraged. All canopies and umbrellas must be weighted and secured to the ground.
6. Electricity will not be available.

7. All vendors agree to abide by fair business practices: all terms of sale are between buyer and seller only.
8. The "carrying" of small quantities of produce from a neighboring farm/garden may be accommodated. The produce must be labeled with that grower's information.
9. Prices for all items should be displayed.
10. Vendors are encouraged to display their farm/garden name.
11. Proof of required County or State licenses or certificates may be requested at anytime by the Market Manager.
12. No smoking in the immediate market area.
13. The Market will be held rain or shine.
14. The Market Committee may ask a vendor to remove a product if it is not appropriate to the market or of poor quality.
15. Vendors and Market Committee members are expected to treat one another with consideration and respect. The Market Manager has final word on any disputes.
16. Vendors are to park their vehicles across the street or other designated areas after unloading to keep the parking lot open for customers.
17. All pets must be kept on a leash.

The Market Committee reserves the right to refuse participation to vendors who do not comply with market rules, regulations, or meet market standards, which include, but are not limited to city, state, and federal laws. Vendors may petition the Market Committee for re-acceptance.

Farm or Business Visits

The Market Committee reserves the rights to visit any farm or business location at any time to verify that you are the producer of the product you are selling. Such visits will be set up at least 24 hours in advance.

Violations

Violations of any of these rules as discovered by or reported to the Market Committee, will result in a verbal warning to the offender for the first offense, a written warning and two suspended market days for a second offense and removal from the Market for the third offense. Appeals may be made in writing to the Market Committee.

Sales Tax

All necessary permits and licenses are the responsibility of the vendor.

"Farmers" are defined by the state as those who grow and sell fresh produce, flowers, or plants and are not subject to collecting and remitting sales tax to the Utah State Tax Commission.
